Support for international students

You will be welcomed by a **community of young people from different countries and cultures**.

You will find a safe, multicultural and involving environment. You will also get the support you need to settle in a new country.

Community building activities, multidisciplinary lectures, one to one tutoring, buddy program and a portfolio of social activities and excursions will ensure **a fully immersive experience in Italy**.

Design your future

Rui's Halls of Residence give students the opportunity to **develop their talents**, both by attending a significant university experience and by getting prepared for future professional opportunities.

You will find a learning environment for your personal and professional growth, based on **soft skills development programs**, co-curricular activities, strong relationships and unique experiences.

Be involved in the flagship program **JUMP Job-University Matching Project**: a unique opportunity to develop soft skills, self assess your competences and learn more about italian and international labour market.

Financial aids

Rui's Halls of Residences invest on your talent! **Special rates, financial aids and scholarships** are **targeted to international students**.

All international students will pay a **special flat discounted fee up to 60%** compared with the full annual rate: see all the fees, tailored to your geographical origin and the living cost of the destination, at www.rui.it.

You can also apply for scholarships and financial aids that **further reduce this fee**, thanks to agreements with universities or based on your family income.
